Summary of experience

CONSULTANTS EN GESTION DE CONSTRUCTION INC.

2019-2023 Shareholder and Treasurer in company that provides the following professional services:

Claims study, preparation and analysis, preparation of expert reports, construction cost estimation and follow-up, bid preparation, project management, engineering and construction techniques.

2012-2023 Claims analysis and drafting of expert reports related to :

- development of the multi-user wharf #35 at the Port of Sept-Îles;
- wastewater treatment and drinking water supply infrastructure in Petite-Rivière-Saint-François;
- construction of the Îlot Balmoral in Montreal;
- construction of the Saint-Laurent Sports Complex in Montreal;
- construction of Barracks 34 in St-Hubert;
- construction of the Minganie Aquatic Complex;
- development of Poste Chaudière in Lévis;
- renovation of the University of Montreal's Pavilion 518 tunnel;
- expansion of the Enfant-Jésus Hospital in Quebec City.

Construction cost estimates and preparation of bids for :

- projects of building a resilient road leading to the federal wharf in Tête-à-la-Baleine;
- construction of ecocentres in the municipalities of Unamen Shipu and Pakua Shipu;
- expansion of the tailings facility and the waste rock dump at the Eleonore Mine;
- slope rehabilitation of the access to the borrow pit in Clermont;
- construction of a residential development in Wemindj;
- reconstruction of the Obedjiwan road.

2012-2019	Provided technical input on drafting expert reports and analyzing claims applications for various civil engineering projects (docks, roads, mines, buildings).
2018	Served as project manager for the construction of basins and underground infrastructure at the Whabouchi site of the Nemaska Lithium mining company.
2017	Served as project manager for the expansion of the waste rock pile at Goldcorp's Éléonore site.
2014-2015	Served as project engineer for a variety of civil works at the Stornoway mining site.
2013	Monitored corrective work on rental buildings on Xavier-Giroux and Brideau streets in Quebec City following soil subsidence problems.
2012	Served as junior construction engineer on the redevelopment project for the Laurentien and Hamel Boulevards in Quebec City.
2011-2012	Served as junior construction engineer on the St. Lawrence Gas Pipeline (Lévis - Boucherville).
